	Swimmers Counts for Warm-ups: 272	=====	=====		

Information for Swimmers

1. This Meet is being run under the “**One Start**” Rule.
 2. The announcer will call swimmers to the Marshalling area at least fifteen (15) minutes before the scheduled start of the first event and in respect of any subsequent event(s) at least two (2) events prior to its commencement. Swimmers should also observe the Event Board that indicates the event currently in the water plus the events being marshalled.
 3. You must personally report to the Marshall in the marshalling area and be marked present. Once marshalled you are not permitted to leave the marshalling area. **Only swimmers reporting for marshalling should be in the marshalling area.** The Check Starter will direct you to your nominated lane.
 4. As the Starter will only announce the Event Number, distance and style it is important for you to carefully read the **Swimmers’ Starting Instructions.**
-

Swimmers’ Starting Instructions

1. Move to a position behind the Timekeepers on your nominated lane when instructed to do so by the Check Starter.
2. While the previous heat swimmers are clearing the water step forward to behind your lane’s starting platform and wait for the Referee’s signal (a single long whistle).
3. When the swimmers have moved behind their starting platforms the Starter will announce the event and heat number.
4. The Referee will give a single long whistle to signal swimmers to take their positions on their lane starting platform or for Backstroke/Medley Relay events to immediately enter the water. At the second long whistle swimmers shall return without undue delay to the starting position.
5. The Starter will give the precautionary command “**Take your marks**” and swimmers will immediately take up their starting position with at least one foot at the front of the starting platform, or in the case of Backstroke/Medley Relay events, their starting position in the water and **REMAIN STATIONARY.**
6. When all swimmers are stationary the Starter will give the starting signal by pistol shot, hooter, whistle or command.
7. Any swimmer starting before the starting signal has been given shall be disqualified. If the starting signal sounds before the disqualification is declared, the race shall continue and the swimmer or swimmers shall be disqualified upon completion of the race. If the disqualification is declared before the starting signal, the signal shall not be given, but the remaining swimmers shall be called back, be reminded by the Starter of the penalties, and start again
8. Swimmers must finish in the lane in which they started and will remain in the water in their lanes at the finish of the event. On the signal from the Referee (two short whistles or a command) swimmers are to immediately leave the water **by the side of the pool.**
9. In an Individual Medley event the sequence of strokes is Butterfly, Backstroke, Breaststroke and Freestyle. In a Medley Relay event the sequence of strokes is Backstroke, Breaststroke, Butterfly and Freestyle.
10. In events of 800 and 1500 metres, lap counters may be displayed to advise the number of laps completed. A warning whistle will be given to each swimmer when each swimmer has two (2) lengths of the course plus five (5) metres of the course to finish.

NOTE: If, because of the length of the program “**starting over the top**” is used, swimmers from the preceding heat are to move to the side of the lane, against the finishing wall, and remain still. When the next heat has started they should leave the pool by the sides as quickly as possible.
